

# What is GeoEngineering?

GeoEngineering is the modification of our climate, weather, and skies. This is done by spraying 'Particulates' into the atmosphere causing atmospheric changes & manipulation.

**There are over 150 patents that are linked directly to GeoEngineering and the procedure used to disperse them.**

(links to this and other information can be found on our facebook page)

**This is not only a danger to our planet but also our health.**

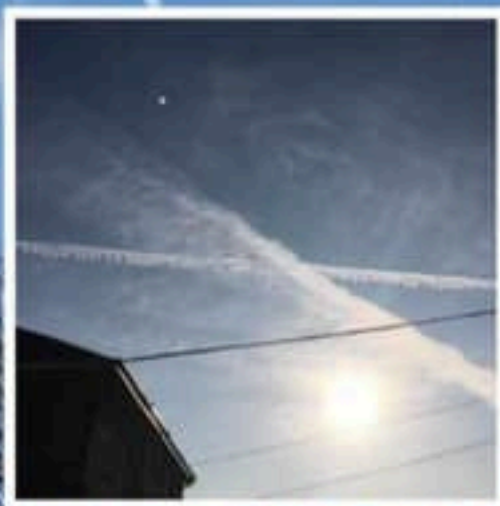

**There are many illnesses and diseases with direct links to the heavy metals that can be found within these trails. These materials include: **Aluminium, Barium, Strontium and Sulphuric Acid** to name just a few. Aluminium in the body and brain is directly linked to Alzheimers, Dementia, Autism and Cancer.**

**LOOK UP TO SEE THE UNNATURAL DESTRUCTION OF OUR SKIES.**
